

FRANCLEAURE JULES

## NURSING

Anticipated Graduation: December 2020  
School: INUTECH

*“My dream is to become a nurse. Becoming a nurse will mean a lot to me because many in my family have dealt with heart conditions and finding proper care has been difficult. I want to become a nurse to help as many people as I can, especially people in my country who can not afford to see medical care like my family.”*
