

PEER METHOD SETUP

Method IDs for Siemens CENTAUR® System

This form can be used to setup, update or add methods to new or already established Peer Group Information. Please complete this form and confirm the method IDs listed for your instrument on the next page.

These IDs reflect reagents made by the manufacturer of the instrument. If you are using a third party reagent or running an analyte that is not listed, please call Maine Standards Company Technical Support at 1-207-892-1300 for assistance.

Multiple methods may be available for some analytes, therefore multiple codes are listed. Please refer to your assay manual or reagent package inserts to determine which method you are using.

When complete, please fax all forms to Maine Standards Company Data Reduction Department at 1-207-892-2266.
