

NOTICE – AUTHORITY TO OPERATE

23 MAR 2020

To Whom It May Concern:

LGC Clinical Diagnostics (SeraCare Life Sciences & Maine Standards Company) provides essential services according to the definitions provided by Homeland Security CISA Director, Christopher C. Krebs, in a letter dated March 19, 2020¹:

- “If you work in a critical infrastructure industry, as defined by the Department of Homeland Security, such as healthcare service and pharmaceutical and food supply, you have a special responsibility to maintain your normal work schedule.”
- “Workers providing COVID-19 testing; Workers that perform critical clinical research needed for COVID-19 response.”

The staff at this facility are involved in the development, production and distribution of critical clinical diagnostic materials, including those directly related to the diagnosis of COVID-19. These products are supplied to public health, hospital and commercial laboratories across the globe.

Staff who are not required on-site are working remotely.

If you have any questions, please reach out to a member of our executive leadership team:
