

Green Bay Botanical Gardens

Tuesday, August 6, 2019

Join us for a glorious summer day exploring the unique areas of the Green Bay Botanical Gardens! Begin your adventure today with a delicious gourmet deli luncheon buffet at the Gardens. Next, meet your Botanical Gardens Docent and venture to the herb gardens to experience the Herbal Garden Adventure! You will make stops in the gorgeous rose garden and the quaint old English cottage garden along the way hear stories of those that make these gardens so special. See, smell and experience the vast variety of herbs used in culinary dishes, medicinal preparations and overall wellness. End your herbal adventure with an herbal demonstration full of treats, tastes and recipes that you can take home and incorporate into your daily life. You will be able to create and take home either an herbal infused honey or a herbal scrub!

There will be plenty of time to stroll through the various gardens and landscapes once your Herbal Adventure concludes. During this time the Botanical Gardens will be hosting their Butterflies and Blooms. An immersive butterfly experience which features hundreds of live butterflies that are native to Wisconsin and highlights the many plants these butterflies love. Enter the 1,800 square-foot mesh butterfly house and discover over 13 different species of native butterflies such as the Cabbage White, the Giant Swallowtail, the Painted Lady and my favorite the Red Admiral.

Don't forget to stop at the gift shop before you leave the gardens as each of our Burkhalter travelers will receive a 10% discount on all purchases. You are sure to enjoy this colorful day!
